RE: Medley Farm Site RI/FS

Dear Mr. Bornholm:

I am writing on behalf of the Medley Farm Site Steering Committee. Enclosed are the Steering Committee's responses to United States Environmental Protection Agency's comments on the revised RI/FS Work Plan for the above-referenced site. The Steering Committee is prepared to amend the Work Plan and submit the amended document for final approval, if these responses satisfy the Agency's concerns. Given the minor nature of these modifications, we believe a final Work Plan can be prepared and submitted within a week of receipt of your approval of our responses. If you have questions, please feel free to contact me.

Sincerely,

Les Oakes

Enclosure
